- PowerPoint
- Access
- Visio
- Project

Experience

Web/Multimedia Designer/Developer

Danylle Miller Designs, Livermore, CA   2006 – Present

I am the project manager for a complete redesign of Able Glass' website and maintenance. The redesign went through the initial design brief, to wire frame and mockups, to development and deployment. The site has a dynamic before and after page using jQuery and the header and footer, and menu on every page using PHP.

I design the layout and pattern books DeeVine Quilts' quilt patterns and instructions. I was also the project manager for the design and launch of Deevine Quilts' website.

Media Designer

Able Glass, Santa Clara, CA   4/2006-Present

I started as a customer service representative and was promoted to media designer. I design sales flyers, newspaper/magazine ads to compliment the web site.

Education

The Art Institute of California - Sunnyvale, CA | 2013

Bachelor of Science candidate of Web Designs and Interactive Media
